

National Conference
On
Advanced Trends in Civil Engineering
March 2nd & 3rd, 2012
NCATCE - 2012

OBJECTIVE:

The objective of NCATCE- 2012 is to establish a channel of communication to disseminate knowledge between academics/ researchers and industry practitioners about the advances in civil Engineering. NCATCE encourages engineers, professors, Research scholars, M.E/M.Tech students to submit original, theoretical and practice oriented research papers related to Civil Engineering.

National Conference on Advance Trends in Civil Engineering (NCATCE - 2012) is premier forum for presentation of new advances and result research results in the field of theoretical, experimental and applied technological advancements in civil Engineering. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. The conference covers a broad spectrum of Civil Engineering, with focus on the following domains:

- Structural Engineering
- Concrete Technology
- Water Resources Engineering
- Geo-technical Engineering:
- Construction Technology
- Remote Sensing & GIS Applications
- Environmental Engineering
- Transportation Engineering
- Mathematical Modeling in Civil Engineering
- Disaster Mitigation and Management
- Infrastructural planning and management

CALL FOR PAPERS

Papers on the main topic and the aforementioned themes of the conference are invited from individuals and organizations for the presentation at the conference and for publication in the proceedings of the conference. The papers will be reviewed by a review committee and the

selected papers will be published in the proceedings of the conference.

ABOUT KARPAGAM UNIVERSITY

Karpagam Charity Trust promoted by the Philanthropist Dr.R.Vasanthakumar in the year 1989, had its corpus from the roots of Karpagam Industries. With the available corpus, Karpagam Arts and Science College was established in September 1995. Its sole aim was to impart instruction to the students in the latest theories and technologies. During these 15 years the college has grown from strength to strength and the coveted University status has been conferred by the MHRD & UGC in 2008. Subsequently, the School of Engineering and Technology was established to impart engineering education of highest academic quality. This has been achieved through industry and research based curriculum.

ABOUT THE DEPARTMENT

The department of Civil Engineering has well experienced and qualified faculty with various specializations such as Structural Engineering, Geotechnical Engineering, Geology, Remote sensing with GIS Applications, Water resources and Environmental Engineering, etc. The department offers BE Degree Programme in Civil Engineering, ME Degree Programme in Structural Engineering as well as Water Resources and Environmental Engineering and Ph.D Programme in Civil Engineering.

ABOUT THE LOCATION

The University is located in a spacious serene campus situated on the Coimbatore – Pollachi Highway, and it is nearly 12 km away from the Coimbatore Railway Station and about 20 km from the Coimbatore International Aerodrome.
